

### **BE CREATIVE!**

#### **Marquee Linings for any Event!**

Linings transform a Marquee or Party Venue into the perfect space for entertaining. Be Creative!

With over 90 years manufacturing Marquees, Barkers supply a wide range of marquee linings to the Events Industry. We are the UK's leading makers of Pole Marquees and specialise in their Linings.

#### **Key Features**

- Our Linings can be used in Clearspan Frame Tents, Pole Marquees and any Party Venue.
- Easy to erect, our linings have been developed with speed and efficiency in mind.
- We offer flat, pleated and tack-off Linings
- We use fire retardant lining material available in over 30 colours. Swatches are available on request.

**MARQUEE LININGS**

## Frame Marquee Linings

We provide a standard range of linings but will happily make to meet your requirements.

### Roofs

Our standard Frame Marquee Linings are modular and come in 3m, 4.5m and 5m bay lengths. We offer 3m, 4.5m, 6m, 9m, 12m and 15m spans as standard.

Roof End Styles: Hip, Gable or Bell End.

### Walls

Standard walls for 3m or 4.5m bay length are either 2.3m, 2.4m or 3m eave heights.

*We can make to measure or to suit your Marquee.*

### Valances, Swags and Drapes

With over 30 colours to choose from you can match colour palettes and themes. We source unusual fabrics on request.

POLE MARQUEE LININGS

## Tack-off or 'one time use' Linings

To give your marquee a permanence and finish that really stands out from the crowd, we recommend a full **Tack-Off Lining**. For this finish we can supply a wooden frame for your marquee which is then lined with a heavy cloth. This is pulled taut, giving you a blank canvas.

## Blackout Linings

We offer blackout linings and starcloths in white or black material, ideal for dance floors areas.

## Bespoke service

We offer a bespoke service and are happy to quote to make linings to fit any structure; whether one time use 'tackoff' or 'reusable'.

## Fabric Specification

Our Lining Material is Fire Retardant and proven in the Events Industry for hard wearing and ease of cleaning.

Pleated Linings are made from silky 2oz Trevia material available in 30 colours.

Flat Linings are made from a textured, matt 4oz material available in 13 colours.

We can source usual fabrics such as Indian printed, shimmer movement, reflective/ metallic cloths, netting, fringe linings, all available on request.

## ALSO AVAILABLE
