- BANQUETING HALLS
- CONFERENCE FACILITIES
- FETES / FAIRS

TRADITIONAL POLE MARQUEES

Our Traditional Pole Marquee has been tried and tested in the field over the last 70 years, A classic shape, with its elegant lines and great strength, we have refined it and included up to date techniques and fabrics in our manufacturing process.

We were the first British manufacturer to pass British and European windloading standards on our pole tents; mainly because of this inclusion of modern materials and reinforcing into our original designs

LIGHTWEIGHT & EASY TO ERECT

After a little training and familiarisation, the Traditional Pole Marquee can be erected on any grass surface with little trouble.

Specification: We offer the choice of Pull up or push up pole marquees, both styles have their advantages.

Fabrics: We offer canvas, polyester canvas and PVC. All fire retardent to UK and EEC standards

Eave height - 2.2m

Poles: Our standard marquee has softwood poles and ridges throughout with the option of aluminium available.

Steel takes, white guy ropes and wooden wall pegs are supplied as standard.

TENSILE POLE TENTS

Elegance and strength are combined by use of poles and tensioned fabrics, in a modern form of the Traditional Marquee.

The gracefully curved roof is still familiar but the way it is achieved is very modern.

We use ratchet and webbing guy ropes to double anchor plates. This means we only need poles at 2m spacings, making the perimeter of the marquee relatively free of obstruction.

We also offer the option of dispensing with ridge poles, the roof being tensioned to the king poles via integral webbing bands.

Specification:

Fabrics: We offer polyester canvas and PVC. All fire retardant to UK and EEC standards

Eave height - 2.2m

Poles: Our standard marquee aluminium poles and ridges.

Steel stakes in double anchor plates, white ratchet guys and wooden wall pegs are supplied as standard.

LININGS:

Choices of interior linings for marquees include stripes, flat, pleated or ruched (scalloped) material in combination with valances, flashes and drapes to match any theme. The king poles are also covered.
