

FLEXIBILITY AND STYLE

IDEAL FOR:

- MARQUEE HIRE COMPANIES
- ENTRANCE CANOPIES
- CONNECTING TENTS TO BUILDINGS
- DRY ACCESS AREAS

FLEXIBLE AND ADJUSTABLE

Maximises your options for that awkward site.

Our walkway copes with:

- level changes
- doglegging around obstructions
- doorways up to 2.4m in height

LIGHTWEIGHT AND STRONG

Constructed using high grade channelled aluminium frame with galvanised steel joints to give durability and strength.

EASY TO ERECT

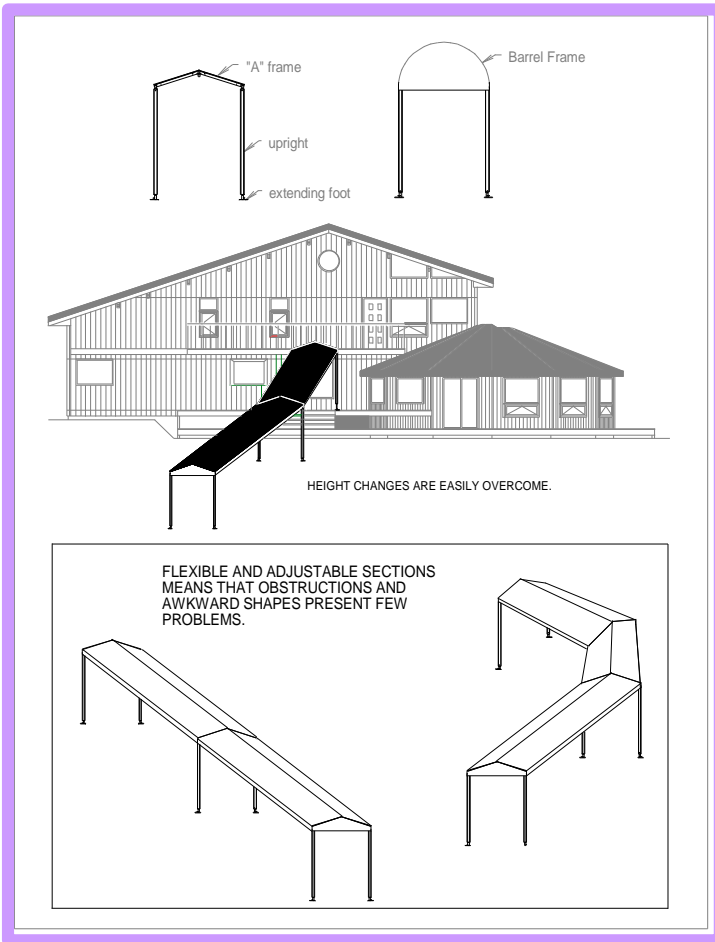

Erected quickly and easily with no special skills or equipment required.

COMPATIBILITY

With the design based on our Aliframe tent system, many parts are interchangeable
